

Типы категорий

Тип категории определяет в каком виде будут отображаться статьи этой категории в Публичном разделе. Существует четыре типа категорий.

Standard

Тип **Standard** отображает список статей вместе с начальным текстом каждой статьи. Тип установлен по умолчанию. Если категория содержит подкатегории, то они отображаются перед списком.

Quick FAQ

Тип **Quick FAQ** отображает заголовки и текст всех статей категории на одной странице.

- [What does the red key mean beside a category, article or file?](#)
- [How do I insert a picture in an article](#)
- [It does not work. What I should do?](#)
- [How to change some localization words, phrases?](#)
- [How does search work? What is search algorithm?](#)
- [Why search does not find words with less than 3,4 characters?](#)
- [Where is client\(end user\) screen?](#)
- [How can I translate KBPublisher to another language?](#)
- [Where can I change look and feel?](#)

What does the red key mean beside a **category**, article or file?

It means that access is restricted. You may need to log on to see view articles, or you may require special user access.

[View as article](#)

[Back to the top](#)

How do I insert a picture in an article

Instructions can be found under [add a picture to an article](#).

[View as article](#)

[Back to the top](#)

It does not work. What I should do?

Set configuration value `$conf['debug_info'] = 1` in file `kb/admin/config.inc.php`, then you can see real sql errors and all php errors. Make sure you properly edited(adjusted) file `kb/admin/config.inc.php`
